CRITICIZE MANAGEMENT, PRODUCTION IN COMMUNAL ENTERPRISES

FAILURES ANALYZED -- Sofia, Izgrev, 17 Dec 50

During the national convention of supervisors in local crafts and industries and those in economic and welfare enterprises, held at the Ministry of Communal Economy and Welfare on 15 and 16 December 1950, the accomplishments and failures of the enterprises were carefully analyzed.

Generally speaking, in 1950 the organization of local enterprises under the jurisdiction of the ministry has improved, and much progress has been made by the establishment of industrial combines in the okoliya people's soviets. Bread manufacture and communal transportation have also improved. On the other hand, the ministry has not efficiently supervised the activities of enterprises under okoliya and okrug people's soviets and has failed to issue the proper instructions. As a result, many okrugs failed to fulfill their production and capital investment plans. The latter have reached only the following figures: Sofia 49 percent, Pleven 52, Kolarovgrad 63, Vratsa, 64.5, and Ruse 70 percent. A number of people's soviets have failed to set up industrial combines, whereas in many cities the goods produced were of the poorest quality.

The management of the enterprises in many areas has been very careless. For instance, in setting up inventories the okoliya people's soviet in Chirpan stated that there were no defective machines on hand in the entire area, whereas 103 such machines have since been located. State discipline /i.e., work discipline in the enterprises is also not sufficiently strict. The okoliya people's soviets are not efficient in marketing the finished products of the enterprises, and liaison with the local political organizations is not satisfactory.

OPEN COURSES FOR BANK PERSONNEL -- Sofia, Izgrev, 16 Dec 50

The Bulgarian National Bank has opened a special course for employees who will be assigned to the supervision of enterprises through controlling their working capital. Similar courses will be opened in all major cities throughout the country.
